## **X-mini™ II Capsule Speaker™ – The best just got better.**

The X-mini™ II Capsule Speaker™ introduces a larger 40mm driver to project richer and fuller sounds resulting in superior end-user experience from its innovative capsule design. Be it for individual or group entertainment, the X-mini™ II Capsule Speaker™ is the perfect audio enhancement for any music or video player of your choice, **iPod, iPhone, MP3 player etc.....Laptop, Desktop....**

## **Playback time tripled to 11 hours for longer, superior on-the-go audio**

Not only does the new design deliver unsurpassed audio quality, it now performs even longer. Three times the capacity of its predecessor, the new X-mini™ II Capsule Speaker™ comes with a new built-in high capacity rechargeable battery capable of sustained output for 11 hours of nonstop audio pleasure.

## **Modular ‘Buddy-Jack’ design: connect a row of X-Minis II for jaw dropping audio**

This all new system enables you to connect one X-mini™ II Capsule Speaker™ to another, capable of forming an almost endless “daisy chain” of self-powered, bass-enhanced portable speaker system. With this new feature, you can now combine your X-mini™ II Capsule Speaker™ together with your friends to hold a spontaneous party anywhere you go.

## **Built-in retractable 3.5mm audio cable offers hassle-free portability**

To eliminate cumbersome audio cables dangling from the speaker, Xmi Pte Ltd has designed a connecting audio cable that can be tucked neatly into the base for a cleaner and sleeker look.
